

## Application for changes of a biocidal product

### Information about the change(s)

Please note, this application form should only be used for products authorised according to national regulation. If your product is authorised according to EU regulation, please use R4BP3 for your application. If you're uncertain which application form to use, please contact us at [kemi@kemi.se](mailto:kemi@kemi.se) for advice.

#### Type of change

- |   |
|---|
| <input type="checkbox"/> Change of conditions (for example, change of packaging conditions, use, dosage, application, composition etc.)           |
| <input type="checkbox"/> Administrative changes (for example, change of name, authorisation holder, representative, addresses, company name etc.) |

Specify and describe the intended change(s). Explain the current conditions and how they will change.

#### Information about the product

Product name	Swedish product authorisation no.
--------------	-----------------------------------

### Appendixes to the application

Please observe that all the studies referred to in this application must be made available to the Swedish Chemicals Agency in full text. This also includes studies not owned by you, for instance, if you have a Letter of Access.

If a Letter of Access is submitted, it shall follow the "Guidelines on Letter of Access" as found on our website.

All data, study reports, and risk assessments necessary for the change shall be submitted. Please note, major changes of conditions requiring a new assessment shall meet the same data requirements as for an authorisation.

## Information about the authorisation holder

Company Name	Company's registration no.
Address	Telephone no. (incl. country code)
Postal code and town	Contact person
Country	E-mail address
