

Application fees for active substances in plant protection products. *Apply from 26st March 2013*

The fees have to be paid on application or at a later point in time as decided by the Swedish Chemicals Agency after agreement with the applicant. The fees are preliminary; the final fees for the evaluation will be calculated on the basis of the costs for the evaluation. If the costs of the evaluation are lower than the application fees, the difference shall be paid back to the applicant.

Active substances: Chemical or biological (containing microorganisms)					
Category of application	Type of substance	Type of application	Legislation (Swedish Ordinance 2013:63)	Basic fee (SEK)	Remarks
